

**Task 2 and 3 - Reviewing Websites (**M1, D1 Improvements**)**

Screenshot of Website 1 – E-Commerce Website

<b>(M1) Explain how the features in the website could improve presentation, usability, accessibility and performance?</b>	<b><u>Presentation:</u></b>
<b>Must include features such as:</b> <ul style="list-style-type: none"><li>• <b>Presentation</b> (layout, colours, fonts)</li><li>• <b>Usability</b> (ease of use, quick to find products and information, navigation bar)</li><li>• <b>Accessibility</b> (use of colours &amp; fonts, any features for disabled users)</li><li>• <b>Performance</b> (speed of the website, speed of images loading, how quickly the search facility works)</li></ul>	<b><u>Usability:</u></b>
	<b><u>Accessibility:</u></b>
	<b><u>Performance:</u></b>
	<b><u>Other Improvements:</u></b>

**(D1) Discuss the strengths and weaknesses of the website**

Introduction – what you think of the website and why are you looking at the strength and weaknesses of it.

3 Strengths – design strengths of the website NOT the content e.g. DVD's, CD's, prices.

3 Weaknesses - design weaknesses of the website NOT the content e.g. DVD's, CD's, prices.

Conclusion – what you think overall of the website.
